

# First Grade Summer Packet For Future First Graders

## 1. Flat Jesus

- Jesus promises us that He will be with us always. For this activity please color and cut as many Flat Jesus as you would like. Then, send it to family and friends who live in different places. Next, ask them to take Flat Jesus with them on adventures, take pictures with him, and send him back to you with a note, postcard or mementos telling you all about it.
- Once you have received your Flat Jesus back, please use a poster to make a collage of your Flat Jesus collection. Use the map included in this packet to chart all of the exciting places Flat Jesus has visited.
- What about if your family and friends all live in San Diego? That's no problem! Take him with you wherever you go. Take pictures with him and write all about your adventures together.
- Remember to have fun and be creative!

## 2. Math

- Please practice your addition Math facts
- IXL

## 3. Language Arts

- Please read *The Book with No Pictures* by BJ Nowak. Then, write your own book with no pictures. Remember, it needs a title and the name of the author; you!
- Be creative, have fun, and let your imagination run!

I cannot wait to see your summer work. I am sure it will be amazing!
